CAREER OBJECTIVE

Detail-oriented and accountable BSIT student with hands-on experience in SAP-based parts administration, Excel data management and IT support from an on-the-job training at Toyota Valenzuela Inc. Strong in documentation, quality assurance and project management. Seeking an IT role where accuracy, structure and continuous learning matter.

OJT EXPERIENCE

OJT Intern, Parts Department — Toyota Valenzuela Inc.

2026 – November 5, 2026 · Valenzuela City · Site Supervisor: Ms. Mianca Rysabelle Bogas

- Processed client parts requisitions and orders in SAP; assisted in part-number creation and prepared SOPH forms for back-ordered parts.
- Prepared Sales Quotations (SQ) in SAP for Marketing Professionals and updated the FJ Cruiser accessories price list.
- Encoded SAP data into Excel and kept PSI, TMP delivery and BP monitoring records; monitored inventory and verified part availability in the Parts System.
- Posted received goods in SAP and helped prepare and release parts for mechanics' orders.
- Provided IT support: formatted units and installed Windows 11, set up computers, assisted with IP management, replaced printer toner.
- Edited the department organizational chart in Canva; attended the Toyota General Assembly.

CORE SKILLS & TECHNOLOGIES

Business systems: SAP (parts orders, quotations, goods posting), Parts System, inventory monitoring
Documentation & QA: Technical writing, test case creation, process documentation
Project management: Jira, sprint planning, stakeholder coordination
Tools: MS Word, Excel, PowerPoint, Canva, Figma, VS Code · **Programming:** Java, HTML/CSS, JavaScript (basic) ·
Networking: Cisco NetAcad, IP basics, troubleshooting
Soft skills: Accountable, adaptable, detail-oriented, organized, team player and leader

PROJECTS
